CHAMPAGNE HISTORY

Champagne takes its origin with Clovis in 496. At the time, wine was already present during mess and Reims, in Champagne, was the largest religious authority in Clovis' territory.

This is where the first King of the Franks decided to get baptized on 25th December in the Cathedral Notre-Dame of Reims and Champagne wines were declared holy.

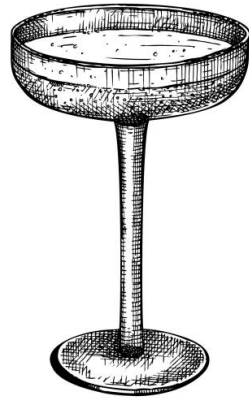

Nevertheless, it is Dom Pierre Pérignon in 1670, Benedictine monk in an abbey near Épernay, Champagne, who is at the origin of what we call the "Champagne Method". At the occasion of a pilgrimage in Languedoc Dom Pérignon discovered the process of making into sparkling wine and applied the technic to Champagne wines.

Known as the spiritual father of Champagne for his experiments and discoveries, he is also the one who assembled the three varieties of grapes: Chardonnay, Pinot Noir and Pinot Meunier.

Today, Champagne wines represent excellence, and distinguish the greatness of an event. It is the expression of the French Art de Vivre.

CHOOSE YOUR CHAMPAGNE GLASSES

Coupe

The champagne **coupe** is a shallow, broad-bowled saucer shaped stemmed glass generally capable of containing 180 to 240 ml (6.1 to 8.1 US fl oz) of liquid.

The coupe was fashionable in France from its introduction in the 18th century until the 1970s, and in the United States from the 1930s to the 1980s. Coupes are also often used for cocktails served up in lieu of a cocktail glass on account of the latter glass's greater propensity to spilling.

Flute

The champagne **flute** (French: flûte à Champagne) is a stem glass with either a tall tapered conical shape or elongated slender bowl, generally holding about 180 to 300 ml (6.1 to 10.1 US fl oz) of liquid.

The champagne flute was developed along with other wine stemware in the early 18th century as the preferred shape for sparkling wine as materials for drinking vessels shifted from metal and ceramic to glassware.[Initially, the flute was tall, conical, and slender; by the 20th century, preferences changed from a straight-sided glass to one which curved inward slightly near the lip.

Champagne, Romance and Strawberries

Fresh Strawberries Whipping USD 15

The history between Champagne and romance goes back a long way. Stories of Marie-Antoinette (wife of King Louis XVI) having the Champagne coupe glass modeled on her breasts to Marilyn Monroe bathing in a bath of the famous French bubbly (using 350 bottles) and even many folk saying the drink is a perfect Aphrodisiac.

Champagne usually appears when romance is in the air from honeymoon suites in hotels with fresh strawberries to a bottle chosen for that Valentine's Day dinner, there is something very special about seeing the word C*H*A*M*P*A*G*N*E on your bottle!

VOYAGE DU VIN

A JOURNEY THROUGH THE WORLD OF WINE

The French concept or terroir, the “sense of place” has been instrumental in wine making for centuries. The geography of vineyard, the quality of the soil and even the traditional farming methods of the people, all impart a specific regional flavor to the grapes. That’s why no wine are alike.

Sofitel has searched the vineyard of the world to bring you an exquisite collection of wines, each a perfect embodiment of the wine-producing region from which it comes. Each selected bottle can be enjoyed on its own or subtle complement of your culinary experience in select hotels throughout the Asia-Pacific.

With our *Voyage du vin* we invite you to embark upon a vinicultural journey that spans from the traditional excellence of Bordeaux, to the inventive vigor of New Zealand, to the naked flavor of South Africa all offering a taste of the finest examples of modern wine making.
