Enjoy **FARM** to **FORK** Freshness in every bite

In our commitment to provide a sustainable hospitality experience comes our initiative to support our local farmers who help us hand-in-hand in producing only the best and freshest organic food items sourced exclusively from Novotel's private El Dorado Farm.

Our Healthy  Sustainable Garden at El Dorado Farm located in San Mateo Rizal stands in a vast land of 1500 m² in space and has a 612 m² greenhouse. It is an hour away from the hotel which is around 30 kilometers in distance.

We take pride in **planting, growing, harvesting,** and **preparing only the freshest** herbs, fruits, and vegetables on our table.
