Then later, when you are looking for more sedate water-based activities, why not hire a kayak, and paddle gently around our shallow, protected lagoon or relax in the sun as your captain takes you on a private silent journey by catamaran.

Whether you are looking for speed, excitement, relaxation, marine beauty or an opportunity to create that private vision of paradise you have in your mind, then if it is water related, we can provide it for you.

Diving in the Maldives is exciting, but currents can be strong! Please listen to our guides and dive conservatively and within your limits.

Drink plenty of water - most cases of decompression sickness in the Maldives are linked to dehydration.
