As a result, Adeela has a legion of fans, celebrities, devotees, international clients and skin enthusiasts who regularly get their skins treated by her at her worldwide Spa residencies.

JOURNEY TO EMOTIONAL WELL-BEING

We're delighted to welcome Adeela Crown, an award-winning aesthetic skin specialist, whose signature techniques in the field of non-surgical skincare have earned her a reputation as the go-to facialist for celebrities worldwide.

Shall We Skindance™?

Adeela has spent years honing her massage technique by adapting Indian 'Face-Yoga' skills combined with Hungarian, Chinese and Japanese Sculptural Lifting massage techniques. This evolved into her signature Skindance™ – a vigorously energetic sculpting, oxygenating, lymphatic-draining massage that lifts and tightens, all while Adeela's hands skillfully 'dance' around your skin. Skindance™ has become an essential component in all of Adeela's skin therapies. Her aim is to not only leave clients with a tighter, more youthful complexion, but also armed with new knowledge they can continue their Skincredible™ skin health journey at home.

No Derma Drama™

Adeela's signature microneedling therapy delivers all-round rejuvenating results by combining automatic skin-needling with ultrasound, growth factors, LED therapy and a potent 'freeze- dried' collagen infusion. This works by creating microchannels to promote collagen production, improve elasticity, reduce pores and maximise potent formula absorption. Includes post-care hyaluronic ampoules.

*Please note: The facial area is prone to redness (similar to mild sunburn) post- treatment for up to 48hrs. This is a time-release results treatment, with best results visible post day 3-5
