PULLMAN NADI BAY RESORT & SPA

A vibrant new destination where local culture connects with all things contemporary, modern and elegant. Pullman Nadi Bay Resort & Spa sits directly on its own secluded corner of local favourite, Wailoaloa Beach, a largely unexplored stretch of shore on Nadi Bay. For guests, that means 180 degrees of uninterrupted ocean views, bookended by vistas of Fiji's most recognised mountain, The Sleeping Giant. Set in lush gardens and surrounded by warm tropical waters, Pullman is perfect for a romantic holiday, friends' vacation, family getaway or as a solo retreat for quality relaxation. When romance is in the air, our private beach chapel and banquet spaces are fairy tale venues for wedding ceremonies and receptions.

Pullman Nadi Bay Resort & Spa Fiji is located on the beachfront of Wailoaloa Bay, a premier location just 7 km by car from Nadi International Airport. It offers 236 rooms and suites along with an extensive range of facilities including four restaurants, three bars, three swimming pools, a day spa, 24-hour fitness center, kids' club and teens' retreat.

As Fiji's newest premium resort, Pullman is the perfect place to check in and chill out.

The resort is an ideal venue for a destination wedding in Fiji, and engaged couples can take advantage of Pullman's beachfront wedding chapel, accompanying ceremonial lawn, or palm-lined direct beachfront location, to tie the knot in front of family and friends. With an enviable northwest facing location, the chapel and beach guarantee perfect Fijian sunset views, with magical vistas of Fiji's famous 'Sleeping Giant' mountain range beyond.
