Refreshed signature dining experiences return to delight

Signature dining experiences that over the years have come to be synonymous with the hotel make their return to delight, with many of these returning favourites incorporating subtle tributes to the hotel's 130-year history and heritage.

Tiffin Room

A part of Raffles Singapore's history since 1892, *Tiffin Room* continues to celebrate the heritage and flavours of North India with our resident Indian Chef. The restaurant offers an evocative dining journey across the North Indian palate, from Rajasthan to Punjab to Lucknow through a refreshed semi-buffet lunch and a la carte dinner. Authentic specialties served in the eponymous tiffin boxes are prepared with perfectly balanced spices, paired with classic Indian brews and beverages. The restaurant will also present an interactive dining experience with tableside service by chefs, complete with freshly ground spices to elevate the experience.

The restored interior décor of the restaurant includes reinstating the wooden floorboards in *Tiffin Room* to bring back features from the early 1900s based on research by our heritage consultants. Intricately patterned wood and mirror wall panelling add richness and create a signature visual language while colourful displays of Tiffin boxes are imbued with historical notes but modern in feel.
