TWO COURSES
AT **PGA NOVAWORLD**
PHAN THIET

PGA NOVAWORLD PHAN THIET

Two championship golf courses designed by legendary golfer and course designer, Greg Norman. Each course featuring its own distinct style and challenges.

PGA Ocean Course

The Ocean Course at PGA NovaWorld Phan Thiet is a stunning 7,400-yard championship layout designed by former World Number One golfer Greg Norman. Offering panoramic views over the East Sea, all 18 holes wind between a mix of both parkland and links-style land, with stylishly rugged bunkers lined with native grass that punctuate the undulating fairways.

PGA Garden Course

The Garden Course at PGA NovaWorld Phan Thiet is designed to bring endless fun to players of all levels and acts as the exclusive training centre for PGA students in Vietnam. Inspired by the "Sandbelt" region of Melbourne, Australia, with bunkers integrated on the edges of the green complexes, this parkland design is one of the most beautiful layouts in the region. Measuring 7,200 yards with a par of 72, strategically placed water hazards and bunkers put a premium on accuracy from the tee and accurate ball striking into the greens.
