

# EN VOYAGE IN SAFETY

## PROLOGUE

*"travel is always about the experiences not about the destination"*

As the global situation evolves with countries at various stages of putting in place effective systems to control the COVID-19 infection, Singapore has been updating border measures accordingly. Cautiously approaching the situation, Sofitel Sentosa has been without any COVID-19 cases. To ensure that this sanctuary is kept safe for all, it has not been a dedicated Stay Home Notice or Government Quarantine Facility since the emergence of this unprecedented global crisis.

En voyage with Sofitel Sentosa and embark on this new journey with us.

## CHAPTER 2: BONJOUR

*"a hidden gem, a paradise and a sanctuary where luxurious experiences await you"*

Welcoming, safeguarding and taking care of you is at the heart of what we do and who we are. Say *bonjour* with the confidence that your well-being is taken care of and indulge in the kind of hospitality you can expect from a Sofitel.

Focusing every bit of these precious moments on yourself and your loved ones, bring along the essentials, as we safeguard you with minimal handling of your belongings and only upon request.

Granting your wanderlust wishes, dedicated ambassadors are ready to greet you warmly whilst smiling behind their masks and are available for your every need at a **safe distance of at least 1-metre at all times. SafeEntry and temperature screening are mandatory** and will be conducted throughout the resort including all dining establishments and facilities. **Assign a representative during check-in to register all who will be staying within the resort whilst**

keeping to the safe distance demarcated on the floor. Glass shields have been installed at all reception counters as a preventive measure – but that does not pose as a barrier for our lovely ambassadors as they attempt to speak clearly through these glass shields to deliver above and beyond.

Stroll alongside Sentosa's long stay residents, namely the free roaming peacocks, as find your way to your delightful room - the first digit of your room number reflects the floor your room is on and the subsequent two digits are your room number. **Room series #40 and below is located in Tranquility wing and #41 onwards is located in Peace wing.**

### CHAPTER 3: LIVE THE FRENCH WAY

*"be liberated and enjoy a touch of joie de vivre with sophisticated elegance"*

Spacious rooms, luxurious suites and opulent villas that embody Parisian refinement and Singaporean colonial heritage, filled with lush textures, rich colours and French amenities. Retire in absolute comfort with confidence; experience impeccable attention to details with **rooms cleaned and sanitised with hospital grade chemicals prior to your stay.**

Ease your mind and be liberated with common amenities within the room removed or packed individually. All amenities have been placed in areas that you may need them - fluffy slippers at the alcove and luxurious toiletries in the bathroom. Help yourself to the dedicated care pack with tissue and hand sanitiser whenever you may need it. For your convenience and safety in mind, a bottle of hospital grade sanitiser have been placed in your room for sanitising high touch points.

**The mini bar has been emptied and sanitised but is still available upon request.**

Enjoy seamless access to resort essentials by scanning the QR code which has been prominently placed on the **work desk** - be it in-room-dining menu, operational hours of dining establishments or facilities, or even things to do on the island. To minimize entries to your room and physical contact, **housekeeping service will be done every other day or upon request with no turndown service provided for now. Do keep your Do-Not-Disturb button off when expecting deliveries of luggage, additional coffee capsules, amenities, mini bar items or in-room-dining orders.**
