STORY OF THE HOUSES

Like all great houses, The 3 Nagas has its own story to tell, shaped by the collective experiences and memories of its past residents. I hope that you enjoy creating your own memories while you are here those perfect, timeless, cultural experiences and moments that will hopefully last a lifetime!

We have two houses: the Lamache House at the side of the Mekong river, where mango trees are (outdoor seating) and the Khamboua House at side of the Khan River.

The Mantion, which is the original name of the present **Khamboua House**, was first owned by Chao Phagna Muoung Chanh then by the Villa Achan Thong Dy family and later by the Khamboua family. The Khamboua house is a jewel of traditional Lao architecture, comprising a unique garden on the Nam Khan River, from where you may glimpse the subtle and serene Lao lifestyle. Built in 1903 by one of the Counselors to King Sisavangvong this mansion features traditional Lao architecture: a single pitch roof, veranda and perpendicular kitchen.

The Lamache House consists of seven rooms and was built in 1898. Initially erected for the unofficial deliberations of the Royal Court. A few decades later, the grandchildren of Mr. Lamache, the original owner, started an ice-cream shop. They soon became very popular in Luang Prabang and were appointed as official ice-cream supplier to the Royal Court. During the restoration work, three bottles still filled with essence extracts used to flavor ice-cream were discovered.
