Authentic Thai Cuisine

In our quest to deliver to you the most authentic Thai dishes our Executive Sous Chef Phattawin (Oil) has not only sourced the finest ingredients from across Thailand but has also selected a highly skilled team of Thai chefs. Our specialty kitchen brigade providing to you the touch, flair and flavour from their hometown.

Panwa Cape is considered as one of those un-spoilt regions of Phuket where Island Life is still present, majestically portrayed and beautifully preserved. Our kitchen brigade, the flavour master and the epitome of a Thai cooking specialist; quiet and humble, allowing food to do the talking.... Primarily Southern trained, with magnificent experience to create a menu that bleeds authenticity and most importantly captures those 5 fundamental tastes of Thai cuisine; Sweet, Sour, Savoury, Salty and of course Spicy.

Chef Oil and team work tirelessly together to pair authentic Thai ingredients and Southern flair with contemporary cooking methods, the true essence of new age Thai dining.
