

THE MODERN THAINESS NIGHT WITH GLEN BAR

Dear Guests,

Starting the night with a right food is modern people's wish of being back to origin where we are from.

It is not only about what we eat but also how we eat.

Therefore, the fresh ingredient from local farm through Royal Project is our choice to support for Thai farmers directly.

Indeed, this project supports to develop new things to life such as well-being of white, forest restoration and watershed.

The benefit of vegetables grown from organic farm using natural fertilizer without insecticides or chemicals is additional sauce for the best taste.

Moreover, passionate interpretation of Thainess brought in modern cuisine would be highly enjoyable from our guests.

Overall, this is the way of our eatery life being from Thai nature and we hope you experience.

Have a pleasant meal.
