

## HYBRID MEETING PACKAGE

PROMOTION PERIOD: Until 31<sup>st</sup> December 2021

Pullman Bangkok King Power offers a Hybrid Meeting package for the best of both worlds. The perfect combination of an in-person event combined with virtual attendance.

'New normal' meeting logistics at the hotel are high tech, low touch and hygiene driven. And while core in-person events will be smaller in attendance, you can reach your bigger audience through a digital presence.

Hold your event within a function room (hub) at Pullman Bangkok King Power that meets all biosecurity requirements, and through technology, extend your message far beyond the four walls to a much larger audience. Your event will be free from the usual physical boundaries. The Hybrid Meeting package allows your delegates to participate remotely from wherever they are in the world and join in virtually to your physical in-person meeting at the hotel. Any sized organization can benefit from this new type of meeting and so can the attendees.

With Pullman Bangkok King Power's Hybrid Meeting package, your organization can leverage digital technology to help improve your in-person physical meeting experience and reach out to your extended audience anywhere. And all in a highly secure manner.

Giving your remote event participants the ability to join the smaller in-person Hybrid Meeting, via an online presence, removes barriers for attendance, which can come in multiple forms, from their availability and transportation issues through to location and cost.

Adding extra value to your Hybrid Meeting, we include a one-time party (Welcome or Finalé) at Thailand's highest rooftop on the 78th floor of King Power Mahanakhon, offering amazing panoramic views of the city centre.

For more information and reservation, please contact H6323-SM1@ACCOR.COM
