As the name reveals, it's all about the culinary craftsmanship of our Executive pastry chef "Kitty" and bartending philosophy of our Beverage Manager "Popper". We have created a series of cakes with all-time classics and edgy new styles.

To match the signature cakes, Popper has created a selection of his favorite espresso-based cocktails. We have collaborated with Harney & Sons Thailand and designed an array of creative cocktails and mocktails for you to experience.

Founded in 1983 and based in Millerton New York, Harney & Sons are master tea blenders specialized in high-quality loose teas and herbal teas.
