BOTANISM

The Botanist Islay Dry Gin (UK) 520

Recommended: Premium Tonic + Any Preferred Botanicals

Citadelle Gin (FR) 460
“Citadelle Gin exudes delicate aromas of fresh flowers highlighted by more assertive citric scents. Once served, it emanates more intense, herbaceous notes of juniper and anise; then, the spicy cinnamon side softens the nose, bringing a very gourmand dimension to the gin. On the palate, the juniper cedes to a long, voluptuous, spicy fragrance”
Recommended: Premium Tonic + Lemon Peel

Elephant Gin (DE) 720
“African taste, German quality.” Elephant Gin is distilled using 14 botanicals, including rare African ingredients that had never been used in gin-making before. The botanicals are hand-selected to limit any impurities and ensure only the highest quality ingredients are used”
Recommended: Premium Tonic + Juniper + Orange Peel

FLAVOURED GIN

Dancing Sands Wasabi Gin (NZ) 620
