

A nighttime photograph of a cityscape in Bangkok. A tall, modern hotel building with a glass facade is illuminated from within, showing many lit windows. The building has a distinctive top section with vertical light bars. In the background, other city buildings are visible, some with lights on. The sky is dark, filled with several large, bright fireworks exploding. A crescent moon is visible in the upper right. In the foreground, there are blurred light trails from a moving vehicle, possibly a train or car, adding a sense of motion. The overall atmosphere is festive and celebratory.

City of Celebration
